This Pipe adaptor or Viking Helmet accepts our line of Protectorshell PS120, PS127, PS140, PS160, PS170 and PS180 articulated pipe.

Specifications

Module overall length	517mm
Internal Diameter	Ø324mm
Max. Entry diameter	Ø208mm
Nom./Max External diameter	Ø430/Ø450mm
Wall thickness	10mm
Material	Ductile Iron to AS1831 / ISO 1083
Tensile Strength / Elongation	400MPa / 15%
Impact Resistance	≥7.5kJ
Fasteners	M12x50 Bolts and M12 Nyloc Nuts & M16x80mm bolts. Material: Stainless Steel G316/A4
Weight of PS120 Viking helmet	59.44kg
Weight of PS127-PS140 Viking helmet	57.72kg
Weight of PS160-PS170 Viking helmet	55.96kg
Weight of PS180 Viking helmet	51.04kg
